

design

business identities

Whether you're a 100 year old company looking for an update, or a start-up starting with nothing, we've been doing business identity design for decades, long enough to know what stands the test of time. Will we do customer focus groups and statistical market research in preparation? Frankly, no, but we will listen to your needs and dreams, and develop beautiful, fitting, identity systems that will work hard to build your brand and remain vital.

Business / Organization Identity \$500-\$700
Includes logo and implementation of business card, letterhead and #10 envelope as well as files for web, print, b/w, and color reproduction.

what else?

Already have a strong brand, but need help setting up new business cards? No problem. Are you an author with a manuscript needing layout and cover design? If you can dream it, we can probably build it, with as much or as little personal involvement as you'd like.

Design Rate. \$85/hr.
Feel free to request a specific estimate on your project, we have some of the fastest, most efficient techs in town, you might be surprised how much we can do in an hour or less. Contact us at info@smartset.com

packaging

We have extensive experience in packaging work, including folding cartons, flexographic film, etc.
